LUNG CANCER SCREENING WITH LOW DOSE CT (LDCT) ORDER FORM

Eligibility Criteria:

* Age 55 - 77
* Asymptomatic (no signs or symptoms of lung cancer)
* Tobacco smoking history of at **least** 30 pack-years (one pack-year = smoking one pack per day for one year)
* Current smoker or one who quit smoking within the last 15 years
* Has undergone an **initial** counseling and shared decision-making visit

☐ CT Chest Lung Screening Exam

Smoking history: (Required)

Packs/day (20 cigarettes/pack): ____________ x Years Smoked: ____________ = Pack Years: ____________

Currently smoking? ○ Yes ○ No If no, number of years since quitting smoking? ____________

Has the patient ever had lung cancer? ○ Yes ○ No Any other cancer? ____________

By signing this order, you are certifying that:

* The patient has participated in a shared decision-making session which potential risks and benefits of CT lung screening were discussed.
* The patient was informed of the importance of adherence to annual screening, impact of comorbidities, and ability/willingness to undergo diagnosis and treatment.
* The patient was informed of the importance of smoking cessation and/or maintaining smoking abstinence, including the offering of Medicare-covered tobacco cessation counseling services, if applicable.
* The patient is asymptomatic (no symptoms such as fever, chest pain, new shortness of breath, new or changing cough, coughing up blood, or unexplained significant weight loss).
